

A young child with dark hair, wearing a white shirt with colorful star and floral patterns, sits on a light-colored rug. A large, fluffy golden retriever dog lies on the rug next to the child, facing away from the camera. They are positioned in front of a large, arched wooden window with decorative glass panes. The window looks out onto a lush green landscape with trees. The interior has dark wood floors and a wooden pillar on the right. A small red toy fire truck is on the floor to the right.

Protecting Small Moments
and Big Commitments

Sleep Well Tonight

Protecting What's Important to You™

Remember when security was as sweet and simple as a cozy hug?

HSM understands what you value and why you want to protect it. Our commitment has always been to deliver the very finest to you and your family.

We provide an exceptional level of security that includes protection against intrusion, fire, and carbon monoxide. HSM also offers UL listed 24-hour central monitoring.

As one of the most trusted names in home protection, HSM brings peace of mind and a sense of well-being to thousands of homeowners like you.

So relax, and let HSM show you how easy it is to bring the benefits of more safety, security and comfort—home.

Monitor Your Home for All Emergencies

The HSM customer experience is all about the security of knowing that 'nothing but the best' is the company's rule.

We protect what's important to you, twenty-four hours a day, every day of the year.

- **Burglary & Intrusion** – when an electronic sensor is triggered, a warning alarm will sound; monitored systems will send a signal automatically to our HSM Monitoring Center.
- **24-Hour Monitoring** – our UL listed HSM Monitoring Center is fully staffed around the clock with trained security professionals; in an emergency, help will be dispatched within minutes.
- **Fire & Life Safety** – a signal is sent automatically when a smoke or heat detector is activated; or manually at the touch of a button on your HSM home security panel.
- **Carbon Monoxide Detection** – our system warns you of dangerous gas levels in your home.
- **Panic Alert** – a signal is sent at the touch of a button on your HSM home security panel; or via a hand held emergency button.
- **Duress** – a silent emergency signal alerts our HSM Monitoring Center, to immediately dispatch police in the event you are forced to disarm your security system.
- **Medical Emergency** – the touch of a button on your HSM home security panel signals for medical assistance.
- **Temperature Monitoring** – warns of temperature extremes that could result in costly damage to your home and possessions.
- **Water Levels & Flooding** – our moisture sensors can warn you of sump pump failure or other causes of flooding, guarding against extensive water damage.
- **Parallel Protection** – HSM offers a choice of radio or cellular back-up for the transmission of alarm signals, providing additional protection.
- **Auto Test Timers** – provides regular system checks into our HSM Monitoring Center.

Many insurance companies offer premium discounts of up to 20%; recognizing the increased personal and property safety provided by security systems monitored by a UL listed Monitoring Center.

A Guarantee From Our CEO

During my years at the White House with the United States Secret Service, I made a life-valued commitment to ensuring the absolute protection of our Presidents and their families.

That same level of concern, that same commitment to the highest standards, has remained with me ever since.

You should expect, and will receive, the very finest from HSM.

James M. Covert

Chairman & CEO
