

What's Best for You?

STANLEY[®]
Security Solutions

PROTECTING WHAT'S IMPORTANT TO YOU™

1 Integrated Solutions

Stanley offers a straightforward approach to your integration needs. Our Integrated Solutions combine multiple systems to create a comprehensive unified security solution. From one building to multiple buildings at one location, our team of industry experts, project managers and application engineers can help you implement an integrated solution that addresses your toughest security challenges.

Stanley's Integrated Solutions Provide:

- Multiple integration capabilities
- Convenient customer system management
- Single administrative application
- Scalable solutions
- Robust report generation
- Expert design, application and installation

ONE LOCATION, ONE SOLUTION

Stanley is your one source to bring all of your security technologies together.

- *Uniquely positioned as one of the country's only true national system integrators*
- *Wide array of integrated products, systems and services delivering efficient solutions for sophisticated security applications*
- *Comprehensive project support, including application engineering, software deployment, project management and embedded services*
- *Award-winning service and technology provider*

2 Enterprise Solutions

Integrating multiple security systems from across the nation or globe does not have to be a headache. Stanley's Enterprise Solutions integrate multiple technologies into a single, user-friendly platform that helps to maximize your security effectiveness and simplify your daily operations.

Stanley's Enterprise Solutions Provide:

- Multiple site and multi-system integration
- Centralized system administration and monitoring
- Shared data between multiple platforms
- Expert design, application and installation
- Comprehensive project support
- Best in class design and partnership
- Convenient customer system management

ONE PLATFORM, MULTIPLE LOCATIONS

Stanley will partner with you to design a multi-site security solution that meets your total security and integration needs.

- *Seamless integration of access control, photo identification and credentialing, digital video surveillance, alarm monitoring, intrusion detection and visitor management systems*
- *Comprehensive security management solution which can be integrated with process control, building management control and other enterprise level systems*
- *Uniquely positioned as one of the country's only true national system integrators*
- *Ability to service and expand existing integrated systems*
- *Best-in-class service and support*

3 Convergent Solutions

Stanley leads the industry in providing Convergent Solutions for the most comprehensive security programs. Stanley's premier integration services are ideally suited for organizations seeking to manage security operations from one platform over their IT network infrastructure. Stanley's powerful converged solutions help businesses increase security effectiveness, reduce risks and eliminate the hidden costs associated with operating non-integrated security, facilities and business systems.

Stanley's Convergent Solutions Provide:

- Seamless integration of premier industry technologies
- Open architecture design to implement across numerous third party systems
- Platform standardization and event-driven automation
- Industry defining partnerships from manufacturer to integrator to customer
- Database management, application programming and program management
- Comprehensive project support, including application engineering, software deployment, project management and embedded services
- Ability to service and expand existing integrated systems

CUSTOM SOLUTION, CONVERGED TECHNOLOGIES

Stanley has the expertise to combine premier platforms and customize a solution that maximizes your security effectiveness and reduces your costs.

- *Wide array of integrated products, systems and services delivering efficient solutions for sophisticated security applications*
- *Certified specialists provide complete software support services*
- *Team of industry experts, project managers and application engineers to provide world-class service and support*
- *Bridges the gap between IT & physical security*

Stanley is the Best Fit for You

At Stanley, we offer you the “best fit” for all of your security needs whether it is intrusion protection, fire detection, video surveillance, access control or systems integration—we have the security solutions you need. Stanley is also one of the only North American providers in the industry that can offer you a choice of integrated solutions, enterprise solutions or convergent solutions. We offer a full array of electronic security solutions from standalone systems to fully integrated solutions. At Stanley, we have the breadth and scope necessary to meet your security needs.

- *Traditional, Sonitrol Audio and Video Verification Intrusion Systems*
- *Fire & Life Safety Systems*
- *Video Surveillance Systems & Video Monitoring Services*
- *Customer Managed and Stanley Managed Access Control Systems*
- *Fully Integrated and Enterprise Solutions*
- *Online, Real-Time eServices*
- *Installation, Service, Maintenance & Inspections*
- *24-Hour UL (ULC in Canada) & FM Approved Monitoring Services*
- *Software Solutions*
- *Embedded Customer Support*
- *Communication Back-Up*
- *Technical Support & Customer Training*
- *SecurityPlus and SecurityDirect Investment Options*

COMMITMENT TO SERVICE

At Stanley Convergent Security Solutions, we have a driving passion to be the industry’s best electronic security company. We believe in the value and strength of local service backed by the power of our global resources with over 75 locations in North America. We focus daily on delivering exceptional and consistent operational excellence against the five customer touchpoints: account management, installation, service, monitoring and billing. We provide a true business partnership with an “open book” approach by allowing customers to view our performance daily on these touchpoints. At Stanley, we truly desire to not only be a choice for security, but the preferred provider of choice. Every Stanley team member is charged with this mission.

With Stanley you will receive the very finest in security solutions.
